The steps taken in this direction include stepped up vigilance and patrolling on the Border/LOC to prevent infiltration of terrorists and weapons, etc., streamlining of the intelligence machinery to enable targetted operations, ensuring close coordination between various operational agencies, activisation, and increasing the involvement of the State Police in anti-terrorist operations; strengthening of security arrangements in vulnerable and far-flung areas; and securing people's cooperation in antiterrorist operations. Simultaneously measures have been taken to step up the pace of development and economic activities and reactivate the normal activities of the civil administration which have also helped to isolate the militants and bring the people into the mainstream of normal life and activity.
